It was an effort as courtesy

Please return it to Oren when you see him today

Rick -

Yesterday you handed me a report titled "Independent Technical Report and Resource Estimate for the Desert Hawk Project in Gold Hill, USA. Please fill out form MR-REV (include your signature) if you would like the document to be added to your online file.

All of our documents for Large Mine Permits are available for the public to view online. It is not in our rules to include resource estimates as part of the permitting process. If you would like to include the Resources Estimate document online in the Kiewit file, you will need to fill out form MR-REV, as noted above.

Thank you,
Leslie Heppler
